## ASSIGNMENT 1: SELF AWARENESS

- What are your common, surprising and unique characteristics? How does your Johari window appear to you?

Characteristics written by me:

Introvert, calm, friendly, tenacious, unflappable, quite, smart-worker, detailedness.

Characteristics written by others:

Obsessed, friendly, unflappable, genius, friendly, quite, introvert, well-mannered, optimistic.

Common	Surprising
Friendly, introvert, quite, unflappable	Genius, optimistic, obsessed
Unique	
Detailedness, smart-worker, optimistic, well-mannered	

- Johari Window

My Johari window has a sizeable Open Area, which is a big plus point. But my private and dark area are larger than I expect. I'll surely have to work on it to make complete use of my capabilities.

- What changes would you like to make in your Johari Window and How?  
Would you convert some characteristics to common/open area?

I will have to convert my blind area to open area so that I'll add some characteristics to my personality and make full use of my potential. Also will try to figure out some ways to convert my dark part into the open area, to come up with some positives.

The characteristics I would like to convert to open area are smart-working, optimistic and detailedness.

## ASSIGNMENT 2: Planning

### • My Planning Chart

	Academic	Co-curricular	Extra-curricular
Short-Term Planning	Scoring 8+ CGPA. Mastering DSA.	Solving more and more CP challenges. Mastering Git.	Start exercising.
Long-term Planning	Getting internship in a good company, get placed in my dream company. Maintaining GPA over 8.	Acquire some extraordinary coding skills. Build a resume with a bunch of upcoming new tech stack.	Improve public speaking. Build up a strong and helping personality.

- Will there be any hurdles/weaknesses in achieving your goals? How would you work on those/handle it?

To execute the academic plans needs a lot of time and efforts, so managing the time and energy equally in order to achieve co-curricular and extra-

curricular plans is a tough task.

## ASSIGNMENT 3: MOTIVATION

- What were your first four preferences in the Maslow's hierarchy?

My first four preferences in the Maslow's hierarchy are:-

- 1) Esteem Needs
- 2) Physiological Needs
- 3) Belongingness and love needs
- 4) Safety needs.

- Can you link these with your goals?

All my academic and extra-curricular goals aim only at the esteem needs. I want to live a lavish life. I want to have a good package to satisfy esteem needs of mine. My extra-curricular goals can be linked with belongingness and love needs and safety needs. My co-curricular goals are linked with my physiological needs.

## ASSIGNMENT 4: HUMAN VALUES AND ETHICS

- Which values did you choose and why? Write reasons.-----

Power, Achievement  
Pleasure, Material satisfaction, travel  
Education, Intelligence, wisdom  
Love, Friendship, Personal closeness, Family  
Emotional well-being, stability.

The characteristics/values which I choose, perfectly describes my personality.

As a person, I want have the values of education, intelligence and wisdom in order to be powerful and achieve my goals, satisfy my needs and live a life which I dreamed off.

Pleasure, material satisfaction and travelling makes me feel happy and relaxed. I restore energy from these values and give my best at my work.

The work life needs a good support physiologically, so the values of love, family, friendship and personal closeness is important for me.
